

Since 1997,  
Hands down,  
the best Aerosmith  
look-alike & sound-alike  
the world has ever seen.

**EUROSMITH** is so close to the original  
that Steven Tyler himself demanded to meet  
their singer Luca after seeing him in the news,  
declaring him "frighteningly similar" to his younger self—  
taking pictures, giving him his harmonica, and inviting him  
to join Aerosmith on the microphone for their crowd of 60,000.
